20 April 1966

Colonel White:

I have deleted two items from the minutes. One is the forthcoming meeting with the President and the decision that should not attend. This struck me as far too sensitive. The other is the DCI's reference to the Fulbright letter and the request that he not be "pre-empted" again. This is a tightly held matter, and most readers of the minutes would be mystified.

Hope you agree.

Houston reported that Senator Stephen Young of Ohio appears to be gathering information which he may intend to use as an attack on the Agency and the Administration.

25X1 Houston noted that [] had met with Senator Smith yesterday. DCI wants to meet with the Senator soon.

[] 25X1

Executive Director gave to DCI the figures on the [] which will be part of a presentation made to the Mahon committee next week. 25X1

Executive Director noted receipt of a letter from the BOB yesterday providing our FY 67 allowances. Some limitations are imposed.

Executive Director noted receipt of a letter from John Macy inviting Agency nominations for a Congressional Fellows Program. The President wants all agencies to name at least one nominee. DD/S is asked to ensure that the Agency is responsive.

DDCI noted a Scripps-Howard editorial in yesterday's Washington Daily News pertaining to the Michigan State University matter. It was suggested that the editorial be inserted in the Congressional Record.

DDCI said he is to meet with Representative Moss this morning to discuss the State Department Biographic Register.

DDCI reported briefly on his meeting with Senator Symington yesterday. Symington spoke at some length in DDCI's presence to Senator Harris, emphasizing the sensitivity of the Agency and its operations and strongly urging Senator Harris in the future to contact DCI or DDCI if he has a problem.
